

Democracy Development Agency

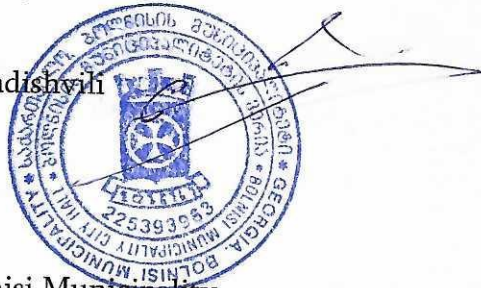

Dear Sir/Madame,

N(N)LE Democracy Development Agency (DDA) is an NGO working with our municipality for several years. The organization supports our municipality to strengthen institutional capacity regarding protection and promotion of the rights of the child and social work, and to be in line with the Code of the Rights of the Child as well as the UN Convention on the Rights of the Child. Our municipality has been involved in the implementation of the pilot project related to the Case Management Coordination System supported by the Administration of the Government of Georgia, as well as the UNICEF/EU. It has brought tremendous success towards strengthening coordination on case management related to children between municipality and all relevant central state agencies. However, the pilot has shown the need to strengthen positive parenting skills in order to ensure prevention as well as the responding measures to the occurred damage.

I would like to express willingness to support Positive Parenting Project in our municipality and in case of successful implementation of the project in 2024 to undertake all necessary measures to ensure the sustainability of the project in 2025.

Sincerely,

David Sherazadishvili

Mayor of Bolnisi Municipality
